

Automatic Temperature and Humidity Monitoring for Your Pharmaceuticals

WebLog meets all legal requirements for storing pharmaceuticals in a **simple and efficient** way.

WebLog monitors **temperature and humidity** in freezers, refrigerators, and storage environments – manually reading out data is a thing of the past! When measurement values deviate, you are immediately **alerted by e-mail and SMS**.

Periodic sensor calibration is handled via mail shipping, an easy and uninterrupted exchange which ensures a complete and reliable data history. All measurement data are **securely stored on a Swiss server and remain accessible for 5 years**.

Through the user-friendly **web interface** and **app**, all measurement values are readily available in real time at a glance and alarms can be commented and acknowledged. Monthly PDF reports are sent to you automatically, thus **practical, clear, and accessible from anywhere**.

Successful for **30 years** – **ICU tech** is an **ISO 9001 and 13485 certified medical technology developer**, standing for quality, safety, and personalized, multilingual customer service.

Our Products at a Glance

	WebLog basic Your all-in-one worry-free solution	Weblog modular Your customized solution
Devices		
Data gateway (LAN / WLAN)	X	X
Calibrated sensor/measuring point: temperature or humidity	X	X
Additional sensor/measuring point calibrated, °C+RH	optional	optional
Sensor Calibration		
2-yearly, proactively, without measuring gaps	X	optional
Annually, proactively, without measuring gaps	optional	optional
1-point calibration	X	optional
3-, X-point calibration	optional	optional
ISO/IEC 17025 sensor calibration certificate	X	X
Measured Data Storage		
Measurement interval	15 min	30 min
Data availability on Swiss hosting server	60 months	24 months
Alarms – Reports		
Alarms via SMS/e-mail	X	X
PDF reports: measured data + events (via e-mail)	monthly or on demand	weekly
Access to Measurement Infrastructure		
Browser: measured values, alarm acking, reports...	X	X
App: Measured data + alarm acking	X	X
PDF Documentation		
Commissioning + user guide	X	X
Installation		
by customer	X	X
on-site by ICU tech GmbH	optional	optional
Support		
Personal and personalized (e-mail / phone)	X	optional
Modality		
Rental	min. 2 years	min. 2 years
Billing option quarterly, semi-annually, or annually	X	X
Warranty for device manufacturing defects during	contract period	contract period
Subscription prices (CHF) (1 gateway + 1 sensor)		
Quarterly invoicing	100.38	68.26
Half-yearly invoicing	191.63	130.31
Yearly invoicing	365.00	248.20

ICUtech WebLog

Your intelligent solution for secure pharmaceutical storage
